MESSAGE FROM THE CHAIRPERSON

Face is the most prominent and expressive part of the human body with intricate and complex conglomeration of facial structures. Any sort of disturbances to these areas will lead to functional and esthetic cripple with psychological imbalance. Diseases affecting these areas are multi factorial and its precise management needs multi disciplinary approach. Keeping this in view to quench the hunger for the knowledge by the budding surgeons, the Yenepoya University in collaboration with Ayyaya Medicon is organizing an Academic Retreat at our

Campus.

We the members of the organizing Committee are putting all the efforts to make this as a unique academic event to gain the excellence in this field. We look forward to your participation and would like to assure you that this will be a academic treat to all the seasoned and budding professionals. Extending a very warm welcome to all the delegates!
