

AMRITA CRANIOFACIAL SURGERY SYMPOSIUM

June 19 -20, 2015

**Hands-on Workshop on correction of
craniofacial deformities – June 21, 2015**

Organised by

Cranio-Maxillofacial Surgery / Pediatric Neurosurgery
Plastic & Reconstructive Surgery

Amrita Institute of Medical Sciences, Kochi

Dear Colleague,

It gives us great pleasure to announce the Amrita Craniofacial Surgery Symposium focusing on comprehensive management of craniofacial deformities, to be held from June 19 -20, 2015. This meeting aims to bring together various sub specialties involved in the field and to promote inter disciplinary integration and transfer of ideas. This meeting also aims to address the need of practicing craniofacial surgeons as well as higher surgical trainees, to consolidate their knowledge about craniofacial surgery, which is still in its infancy in India. A separate hands-on module on STL models with craniofacial deformity that gives an exciting opportunity for in depth training, is being offered for a limited number of participants.

Faculty – Plastic Surgery

Dr. Sridhar

Dr. Ramesh Sharma

Dr. Mukund Jagannathan

Dr. Nitin Mokal

Dr. Anil Murarka

Dr. A K Singh

Faculty – Cranio Maxillofacial Surgery

Dr. Wilfred A Borstlap – University of Nijmegen

Dr. Krishna Shama Rao

Dr. Bonanthaya Krishnamurthy

Dr. Gosla Srinivas Reddy

Dr. Sherry Peter

Dr. Vikram Shetty

Dr. Pramod Subash

Faculty – NeuroSurgery

Dr. Chidambaram

Dr. Dileep Panicker

Dr. Suhas Udayakumaran

Faculty – Allied Specialities

Dr. Sheela Nampoothiri - Pediatric Genetics

Dr. Gokuldas - Anesthesia

Dr. Maria Kuriakose - Orthodontics

Dr. Sreekumar - Radiology

Dr. Natasha - Ophthalmology

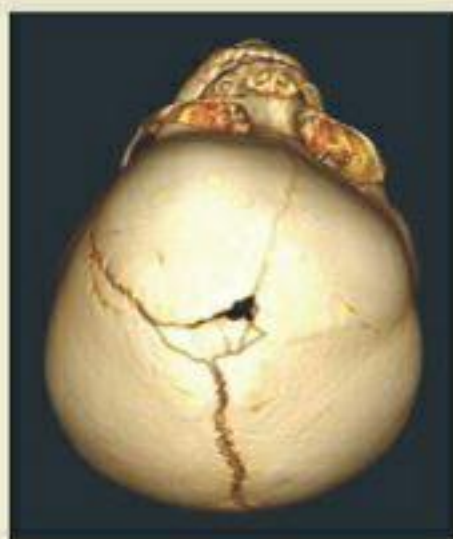

Dr. Smitha- Clinical Psychology

Course Directors -

1. Dr. Subramania Iyer
2. Dr. Pramod Subash
3. Dr. Suhas Udayakumaran

Organizing Committee : Dr. Jimmy Mathew, Dr. Ravi Veeraraghavan, Dr. Ushass. P

Course Coordinators : Dr. Arjun Krishnadas, Dr. Jaeson Painatt.

Scientific Schedule

Day -1 Lectures

History of Cranio – facial surgery and its future in India

Craniofacial deformities – spectrum, classification and clinical features

Radiologic evaluation of craniofacial deformities

Genetics of craniofacial deformities

Neurosurgical considerations in craniofacial surgery

Ophthalmologic considerations in craniofacial surgery – secondary corrections

Craniofacial Deformities – Clinical psychologist's perspective
Timing craniofacial surgery

Anaesthetic considerations in craniofacial surgery - Positioning, Airway, Fluid management, Post operative intensive care

Correction of Brachycephaly - bicoronal synostosis – Talk and Video presentation

Correction of Metopic craniosynostosis – Talk and Video presentation

Correction of sagittal synostosis – Talk and Video presentation

Correction of Plagiocephaly – Talk and Video presentation

Correction of multi-sutural craniosynostosis – Talk and Video presentation

Hypertelorism correction – Talk and Video presentation

Day -2 Live Surgery & Lectures

Live Surgery - Surgical Correction of Craniosynostosis

Distraction Osteogenesis of cranium in Craniofacial deformities

Correction of Craniofacial Dysostoses syndromes

Early correction of Syndromic Craniofacial Deformities

Endoscopic approaches in the management of craniosynostosis

Helmet moulding in management of craniosynostosis

Management of rare Oro-facial clefts

Orthodontics in Craniofacial syndromes

Management of Hemifacial microsomia

Navigation in craniofacial deformity management

Complications in craniofacial surgery

Day -3 Hands-on Exercises

Craniosynostosis Correction on Stereolithographic Models with Deformity

Le fort III Osteotomy on Dry Skull Models

Registration Form
