### FROM THE SECRETARY'S DESK

[Index](#)

When I look back at my journey as a maxillofacial surgeon in the last 32 years, our dear speciality has made a tremendous progress. From being confined to performing simple Oral Surgery to the present day state of art facilities in performing complex Cranio-Maxillofacial Surgeries, we have gone leaps and bounds and we continue to do so. Thanks to the predecessors who have held the AOMSI office, our AOMSI can proudly say that we are making an impact in our society and contributing to the health and well-being of our fellow countrymen.

My first year in office as the Hon. General Secretary has indeed been enriching and fruitful. At the very outset, I would like to thank all my colleagues for their tremendous support in holding the mantle of our activities even while we were all recovering from the wrath of the pandemic. Our association has been strong in facing the challenges which come in the way. We started with magnificent Mangalore conference where everyone was delighted to meet each other in person. This year has been a one which saw a lot of member centric welfare activities in our association.

The social security relief fund and the professional indemnity scheme have been widely accepted and popular among members. The AOMSI newsletter- MaxFacts has been receiving tremendous response among the members. It is heartening to see many of our young maxillofacial surgeons train under the AOMSI fellowship program and we must take pride in the fact that we are the only speciality in our country which nurtures so many youngsters.

Maxillofacial Surgeon's Day was celebrated on 13th February across the nation and we had themed it on Mucormycosis- Reconstruction and Rehabilitation. We saw the rehabilitation of the mucormycosis inflicted patients with a number of maxillofacial surgeons doing an excellent job. We would want many more surgeons contribute to the quality of life of these unfortunate patients. During this pandemic, our members stood tall in contributing to the fight against the wrath of the pandemic and AOMSI raised significant funds which were utilized for timely management of COVID and mucormycosis. We are also funding a number of units for deserving patients through this fund for facial reconstruction and rehabilitation of these unfortunate mucormycosis patients across the country.

On the education front, we are delighted that we have successfully conducted the core training Foundation maxfacts, online master class, journal clubs, webinars, case presentations and nationwide viva for the benefit of post graduate students. These programs not only ignite young minds, but also keep them upbeat with the current academics and researches across the globe.

I would like to take this opportunity to thank the President Dr. Manjunath Rai, all the executive committee members, all the state chapter's office bearers for successfully conducting a number of programmes throughout the Nation with the goal of taking our dearest speciality to greater heights and make maxillofacial surgery a household name.

Jai Hind!

Regards ,

**Dr. S GIRISH RAO**

### Association of Oral and Maxillofacial Surgeons of India (AOMSI)

March 8th is celebrated every year as the International Women's Day all across the globe. This year the theme was 'gender equality today for a sustainable tomorrow'. The highlight of this month was that, AOMSI celebrated International Women's Day for the first time ever to recognize and support the women maxillofacial surgeons across the country with an online event. The program was gracefully organized to touch upon all aspects of womanhood and women in surgery. The program started by an interactive session called 'Mind over Gender' where we had experts in the field Dr Brindha Sitaram and Dr Vyjayanthi Bonanthaya addressed all participants on 'Surgery from a woman's perspective' and gave amazing insights on handling patients and being the best of self in person as well as in profession. This was followed by felicitations of three most eminent and accomplished women maxillofacial surgeons : Prima Dona of OMFS – Dr Neelima Malik; Leader par Excellence – Dr Neelam Andrade; Researcher par Excellence – Dr Divya Mehrotra.
