## PRE CONFERENCE - COURSE

### ◀ Oral Cancer Resection - "Do It Yourself - Gloves On Hand" ▶

Oral cancer ranks among the third most common cancers in India. Of late Head and Neck Oncosurgery is showing its prominence as a sub-speciality on Surgical Oncology. With an array of specialities sub specialising in to head and neck oncology, Oral and Maxillofacial Surgeons too have taken their role as Oral Oncosurgeons well. Hence, this pre conference on oral cancer resection endeavours to give a first hand experience to budding oral surgeons by experts in the field. At the pre conference we aim to operate 1-2 cases of oral cancer by Oral & Maxillofacial surgeon trained in Head and Neck Oncology.

Plan of Case: Composite Resection + Neck Dissection + Regional Flap Reconstruction.
