

VIRTUAL CONGRESS

14th ACOMS

Singapore 2021

14TH ASIAN CONGRESS ON ORAL & MAXILLOFACIAL SURGERY

4-6 June 2021, Singapore

Perfecting The Present, Innovating The Future

WWW.14ACOMS.COM

Organised by:

ASSOCIATION OF
ORAL & MAXILLOFACIAL SURGEONS
SINGAPORE

Supported by:

PERFECTING THE PRESENT, INNOVATING THE FUTURE

The 14th Asian Congress of Oral and Maxillofacial Surgery (ACOMS) will be held virtually from 4 to 6 June 2021. ACOMS is a premium event on the international Oral & Maxillofacial Surgery conference calendar. It is also the first time this prestigious Congress will be organised by Singapore and held virtually. Many Oral & Maxillofacial Surgeons and Dental Surgeons will gather on this platform to share and exchange the latest knowledge in Oral & Maxillofacial Surgery. Besides delegates from Singapore, many surgeons will be attending from Southeast Asia, Central and East Asia, Oceania, Americas and Europe. A panel of 80 well known international, regional and local invited speakers will cover the various aspects of Oral & Maxillofacial Surgery. To complement the latest academic research and knowledge, an exciting virtual trade exhibition will showcase the various technological advances that can bring our clinical treatment to new heights.

Do mark your calendar and join us virtually for this exciting event!

Visit our website for more information: www.14acoms.com.

14th ACOMS ORGANISING COMMITTEE

Dr Seah Tian Ee	Congress President
Asst Prof Raymond Wong	Organising Chairperson
Asst Prof Leonardo Saigo	Secretary

Dear colleagues

As the executive director, I would like to express my sincere gratitude to organising committee members, specifically Dr Tian Ee Seah, Congress President of 14th ACOMS Singapore and Dr Raymond Wong, Organizing Chairperson of 14th ACOMS Singapore for your excellent organisation of this meeting.

I know it was a tough and painful decision that 14th ACOMS had to be postponed from 2020 to 2021, and to be held by full webinar. It has been approximately one year and a half past since COVID-19 was prevalent all over the world. During this period, we had a tremendous hardships to prepare meetings, Congress, seminars owing to the COVID-19. However, we also learned that we could easily communicate with each other using web and/or other technologies. In September 2020, Asian AOMS held the 5th Trainee Conference by full webinar with the help of AOMSI. That was a great success and a paradigm shift of the conference. Trainees did not have to go to the conference venue across countries saving travel fee. So, this time, 14th ACOMS 2021, Singapore will be a benchmark of future conferences in the post-pandemic era. Asia is the growing centre of the world not only in the economics, and but also in the technology and medicine. Specifically Singapore is one of the centres in the world. Therefore, I think, in this ACOMS 2021, we will be the witness of the development and innovation of OMS. Finally, I thank you again for all the members of Singapore Association of Oral and Maxillofacial Surgery for the excellent preparation and organisation of this conference.

With best wishes,

A handwritten signature in black ink that reads "Tetsu Takahashi".

Prof Tetsu Takahashi

Executive Director
Asian Association of Oral and
Maxillofacial Surgeons

Dear colleagues and friends

On behalf of the Asian Association of Oral and Maxillofacial Surgeons, it is our great pleasure and honour to invite you all to the 14th ACOMS from June 4-6, 2021.

The scientific programs of the first virtual ACOMS are expected to be a major turning point in our field, threatened by the global spread of COVID-19 pandemic since last year. We would like to make the 14th ACOMS a fruitful and successful meeting. We wish you to have valuable exchanges between members from Asian countries and look forward to your participation in the 14th ACOMS in Singapore. Your attendance and support would be greatly appreciated.

My sincerest gratitude goes to the speakers who have gladly agreed to share their knowledge and experiences. I would also like to express my deepest gratitude to Congress President, Dr Seah Tian Ee, Organising Chairperson, Dr Raymond Wong, and the organising committee members who have prepared this Congress. In addition, I want to specially thank our sponsors and exhibitors for their generous support.

I hope that all participants will have a pleasant and memorable experience and enjoy the scientific sessions. Wishing you all health and happiness.

With best wishes,

A handwritten signature in black ink that reads "Hee-Kyun Oh".

Prof Hee-Kyun Oh

President
Asian Association of Oral and
Maxillofacial Surgeons

Dear friends and colleagues

These are challenging times that we live in.

In 2019, when preparation for a physical ACOMS conference in Singapore was in full swing, we would never have envisioned the devastating consequences of this pandemic. In light of the ongoing COVID19 situation, the 14th ACOMS has been changed to a virtual conference and will be scheduled to take place on the same date- 4-6 June 2021. This was a very difficult but necessary decision, made to keep our delegates, speakers and trade partners safe. For many of you who had plans to visit Singapore, please accept my sincere apologies. I hope that once travel restrictions have been lifted, you can once again visit our lovely city.

The Local Organising Committee strongly believes that COVID19 should not stop Oral and Maxillofacial Surgeons in Asia and around the world from sharing knowledge, learning new techniques and technologies. Neither should it stop us from reconnecting with each other. With this in mind, they have worked tirelessly to find a new virtual platform and lined up an exciting list of speakers and topics for you. We are proud that the 14th ACOMS will also be the 1st Virtual ACOMS of our history, and this time you can join in as a participant from the safety and comforts of your own home. As we welcome the good news of vaccines amongst sobering news of rising cases of coronavirus, let us turn this obstacle into a window of opportunity for learning and sharing.

Do join us in the virtual 14th ACOMS!

I look forward to meeting you online.

With my best wishes,

A handwritten signature in black ink, appearing to read 'Seah Tian Ee'.

Dr Seah Tian Ee

Congress President

14th ACOMS Singapore

Dear friends, colleagues and fellow delegates

I can only now wish you a warm virtual welcome. I would have wished to welcome each of you to attend the physical Congress as originally planned. Our committee had initially lined up an enlightening series of lectures located in the iconic Marina Bay Sands Convention Centre. This past year has been extremely horrible for everyone.

We can only look back wishfully at 2019 BC (before COVID) and wish for the days of open travel and the many conferences over the years, the fellowship and camaraderie. This too shall pass, and we shall meet again physically in the near future. Nonetheless, hard decisions had to be made. We had to make the painful decision to at first postpone the 14th ACOMS to June 2021 and to make the conference fully virtual. We shelved our plans to stay at the Marina Bay Sands Convention Centre and for our Gala Dinner at SEA Aquarium in Resorts World at Sentosa. We scrambled to repurpose our conference format to go fully virtual, engaged with our exhibitors, and I believe we can run a successful virtual conference.

A debt of gratitude goes out to all the committee members and the people behind the scenes, all of them volunteers. There have been way too many meetings, lasting long into the wee hours of the night, the inevitable friction among strong-headed surgeons, adapting to the many changes as it came. Never in the history of conference organisation has anyone had to face the challenges that came. You all rose to the occasion.

Once again, I thank you, the participant, for helping us make this virtual 14th ACOMS a success. We have many well-known speakers lined up, an exhilarating virtual exhibition and exciting prizes for the scientific competition.

With best wishes,

A handwritten signature in black ink, appearing to read 'Raymond Wong'.

Dr Raymond Wong

Organising Chairperson

14th ACOMS Singapore

14th ACOMS PROGRAMME-AT-A-GLANCE

All time shown are in Singapore Standard Time (GMT +8).

We invite all dental and medical clinicians and students to participate in our Free Paper Communication. We have the following categories which will be available for your submission.

Clinical Topics

- Dentoalveolar surgery / Nerve injuries/ Osteonecrosis
- Dental Implantology and Grafting
- Oral and Maxillofacial Pathology
- Craniomaxillofacial Trauma
- Head and Neck Oncology
- Reconstructive Surgery
- Cleft and Craniofacial Anomalies
- Orthognathic Surgery / Facial Aesthetic Surgery
- Obstructive Sleep Apnoea
- TMJ Disorders and Surgery
- Navigational / Robotics Surgery
- Tissue Engineering / Research / New Technologies and Education
- Miscellaneous

Nursing / Ancillaries Personnel Topics

- Inventory Management
- Infection Control
- Equipment Maintenance
- Alternative and Complementary Treatment Methods
- Miscellaneous

Mark Your Calendar- Important Dates

- Deadline for submission: 30 April 2021
- Notification of acceptance of abstract: 15 May 2021

Poster and Oral Abstract Competition

There will be a poster and an oral abstract competition with attractive cash prizes to be won for the top 3 presenters.

	Cash Prizes (USD)	
	Poster	Oral
1 st	300	400
2 nd	200	300
3 rd	100	200
