## Message

The Head and Neck Oncology team at Cytecure Cancer Hospitals invites you to the 1st dedicated Annual Symposium on Consensus Guidelines for Advanced Head & Neck Cancer Management, to be held on 01st & 02nd July 2017.

The symposium is formatted to discuss current standard of care, debate controversial topics, engage interactive panels with audience participation and surgical videos. Each of the subsite session will be summarized by experts to provide consensus management guidelines.

## COURSE OBJECTIVES

The Objectives of this course are to:

- Present evidence based consensus guidelines for management of advanced head and neck cancer in our country including surgery, radiotherapy, chemotherapy and palliative care modalities.
- Discuss current advances in head and neck cancer reconstruction and rehabilitation.
- Detailed case based expert panel discussion for diagnosis and management of advanced head and neck cancers.
- Surgical video sessions demonstrating common head and neck procedures for the benefit of PG students and young practitioners.

## WHO SHOULD ATTEND

Residents, advanced trainees and practicing surgeons and physicians in the fields of Head & Neck Surgery, Otolaryngology, Maxillofacial and General Surgery, Surgical, Radiation and Medical Oncology and Pain & Palliative Medicine with interest in Head and Neck Oncology.
