

5th Workshop on Reconstruction in Maxillofacial Region

(With International and National Participation)

Venue: SCB DENTAL COLLEGE & HOSPITAL,

CUTTACK, ODISHA

20th - 23rd February 2020

(Limited Attendance)

An Endeavour of

Department of Oral & Maxillofacial
Surgery, SCB Dental College,
Cuttack

S.C.B. MEDICAL COLLEGE

Department of Anatomy,
SCB Medical College,
Cuttack

Under the aegis of

Maxillofacial Study Circle, Odisha
&

Association of Oral & Maxillofacial Surgeons of India

In an attempt to train youngsters in the techniques of reconstructions of post-surgical defects in the oral and maxillofacial region, the Department of Oral and Maxillofacial Surgery, SCB Dental College, Cuttack; has been conducting a hands-on course on microvascular anastomosis along with demonstration of flap raising on cadaver and live surgery since 2016. Mr. Atul Kusanale, Consultant Head & Neck Surgeon, Poole Hospital Foundation Trust, Poole, Dorset, UK and other national faculties, share their expertise in the subject to encourage participation in the field. The program has been tailored to limited attendance only, for maximum exposure of the participants. We hope for your kind cooperation in making this endeavour in continuing medical education, a success.
