## FROM THE PRESIDENT

**Dear colleagues,**

Wishing you all a very happy and prosperous new year!

Let me start by congratulating the young and energetic new editorial team of Max-Facts. With a lot of new ideas and enthusiasm, they have promised Max-Facts is going to be monthly edition making the members aware of the activities of AOMSI Head Office.

Thanks to my predecessors, "AOMSI" has become a brand, with a lot of activities for its members and also for the general public. As I take over the coveted post of the President of this association I hope to carry forward the legacy during my term.

To add another feather to our cap, "**Social Security Scheme**" has been just launched for the members. Professional indemnity is the next project in pipeline to make the association beneficial for all its members. Such projects reflect and reinstate that AOMSI will do everything within its limits to promote the specialty and protect the interest of its members.

I request each one of you to support in all the activities of AOMSI head office, because "**Together**" we can and we will bring change!

Jai Hind.

**Dr. Manjunath Rai**  
President, AOMSI

## FROM THE HONORARY GENERAL SECRETARY

**Dear Colleagues,**

We are delighted with the release of the first e-newsletter 'Max-Facts' this month which is intended to bridge the gap between activities of the national and the state associations and all the members. This will also provide a platform to showcase great talents by our members through blogging, sharing interesting cases, extracurricular activities etc.

As you all know, member centric activities such as the AOMSI Social Security Scheme was launched in the 45th AOMSI conference. The Social Security Scheme is a uniquely prototyped scheme which provides every member's family financial comfort and security in their absence. It is a contributory scheme envisioned to be "For the members, By the members". The details of the scheme have been conveyed over mail to all members. It is imperative to understand that the success of the scheme lies in maximum participation. Hence we urge you to cash in on the inaugural offer and avail the benefits of the scheme on or before 31st December 2021.

The vision to make our speciality a household name is a mighty endeavour that each one of us has to endorse through continued support to all the programs and activities of AOMSI. We aim to create a number of awareness programs and videos to connect and showcase our scope of work to the general public, other medical specialists and super specialists, general medical and dental practitioners across the country to take the specialty to global standards.

We are almost coming to an end of this year which saw many ups and downs in personal as well as professional lives of all of us. Although we mourn the loss of many, we are proud of our contributions to the country during the pandemic. We will continue our service to the nation and people who bore the wrath of this pandemic. It is important not to let our guards down and continue to adhere to strict COVID appropriate behaviour and protocols.

Let us all stay safe. Wishing you all a Merry Christmas and a Happy New Year.

Jai Hind

**Dr. S Girish Rao**

Honorary General Secretary, AOMSI

## MESSAGES

**Dear AOMSI members,**

Seasons Greetings!

The organizing team of 45th Annual conference of AOMSI have pulled up a tremendous scientific extravaganza at TMA Pai international convention center, Mangalore in December 2021. As an Editor of JMOS, I whole heartedly congratulate the scientific chairman and his team for enlightening the delegates about the current and emerging trends in oral and maxillofacial surgery worldwide. The new head office of AOMSI have come into business during the annual conference at Mangalore and under the leadership of Dr Manjunath Rai (President ) and Dr Girish Rao (Hon. Gen Secretary) AOMSI expects to reach new horizons in coming years.

## FROM THE EDITOR

I must thank Dr Rishi Bali (immediate past editor of JMOS) for upgrading the journal's performance in the last 5 years of his tenure. I hope I will follow the footsteps of previous editors and maintain the global standards which JMOS has set.

The coming year may be marked as a milestone for JMOS as it comes with some enhancements. We are in the process of starting a supplement issue on the "current topic of interest in oral and maxillofacial surgery" globally. The supplement will only cover articles, clinical papers, research studies and state of the art content pertaining to the topic of discussion in that particular issue. This will help us in scoring top performance measures and moving up in the OMFS journal ranking lists. The whole idea is to publish better articles and content with research directions which create deep interest for the readers,

increase citations, publish more of open access articles and randomized control trials with higher level of evidence.

In addition to many reputed search engines including PubMed central and Scopus where JMOS is indexed with, it has now been included in the UGC-CARE List -II (India) as well.

I wholeheartedly thank the Editorial board, associate editors, reviewers and authors for having trust in us and publishing with JMOS. Together we would work towards making JMOS an internationally acclaimed publication.

Best wishes

**Dr. Amit Dhawan**

Editor JMOS

## FROM THE

## EDITORIAL TEAM

**Dear AOMSI members,**

Seasons' Greetings from the Editorial Team of Max-Facts!

We are thrilled as we embark upon the journey to be your channel for regular updates about what's happening across the country in the field of OMFS and our association's activities.

As a team, striving to connect the members with each other and the association, we have tried to balance the old elements from the previous editions with a mix of some new sections. From interviews to talent corner and details of what makes fellowship centres special to featuring people who have achieved goals beyond OMFS, the upcoming issues hold articles to keep you glued and wanting for more.

We start, with the end, end of a year, end of an era wherein virtual meetings had become the norm, and enter the zone of new – a new team, a new year and new promises! Our team walks in with the promise to keep you all linked with the activities of the association, and be at your fingertips every month.. yes, MAX-FACTS will be a monthly newsletter and your participation and feedback is what we need to make that possible.

The team might be of four people, but Max-Facts belongs to each and every one of you. The conference issue is to set the ball in motion but we need your stories, your submissions and your suggestions to keep the ball rolling. So, as we sign off, we look forward to hearing from you soon, to know what you want to read in the new year.

Regards,

**Editorial Team**

## About AOMSI

### History of AOMSI

The Association of Oral and Maxillofacial Surgery was started in 1969. It was named as Association of Oral Surgeons of India (AOSI) at the time of inception and the present name of AOMSI was instated in 1985.

### Founding members

Late Dr MSN Ginwalla

Dr C.K. Dhanasekharan

Late Dr C.G. Raju

Late Dr.K. Ramachandran

Late Dr S.S. Khera

Dr A.P. Chitre.

The AOMSI was officially affiliated to the International Association during the Sydney conference in 1977. The AOMSI is a registered organization and admits qualified Oral and Maxillofacial Surgeons as members. Students pursuing Post-graduation degree in Oral and maxillofacial Surgery can also become members of the association and are inducted as "Student Life Members" or SLMs and upon completion of their course, upgraded to Life members or LMs

The Association is committed to the promotion of the specialty through its scientific deliberations and social causes. AOMSI has recently promoted an Independent Board i.e. Indian Board of Oral and Maxillofacial Surgeons (IBOMS) to promote excellence in the field of Oral and Maxillofacial Surgery by conducting examinations and awarding Board Certification i.e. Fellowship Degree in Indian Board of Oral and Maxillofacial Surgeons.

**Journal of  
Maxillofacial and  
Oral Surgery** is the  
official publication of  
the **AOMSI**, and it  
releases quarterly

**The Association organises two major conventions every year.**

- » The Annual Conference is held in November / December in pre-determined venues around the country.
- » The Mid-Term Conference is focussed on post graduate students and trainees and is a two day conference held in June / July every year.
- » In addition, AOMSI state Chapters conduct their Annual State conferences at various time intervals throughout the year.

In 2010 AOMSI has started forming new state chapters by the EC members which are affiliated to AOMSI and constitutionally recognised by the Charter.

The AOMSI Head Office comprises of members elected at various designations with assigned duties and tenure. In the forthcoming issues we will discuss and give information about the structure and workings of AOMSI Head Office. Watch out this space for more details. Stay updated, stay informed!

Number of Online attendees: 346

## Chief Guest

### Ms. Jani Vishwanath

The Chief Guest for the 45<sup>th</sup> Annual Conference of AOMSI, Mangalore was Ms. Jani Vishwanath. Ms Jani is an artist, writer, producer, humanitarian, brand consultant and founder of the global NGO "Healing Lives".

She is a recipient of many art awards from Spain, Italy and New York and enjoys painting with knives and blades on oil colours which gives her art a raw textured beauty.

The stories in her book "Echoes of Light" are inspired from the connection she feels from her travel experiences while visiting remote areas and the people she meets. Her NGO "Healing Lives" is committed to helping the needy ones not only in India but also globally.

## Guest of Honor

### Rtn. Dr. S. Raja Sabapathy

Director: Ganga Hospital Coimbatore; Chairman: Division of plastic, hand, reconstructive microvascular surgery and burns.

An internationally renowned plastic, hand and microvascular surgeon.

Recipient of various national and international awards and has revolutionised trauma care with his skill and efforts.

He is the President of Asia-Pacific Federation of Societies of Surgery of the hand, and General Secretary of the International Federation of Societies of Surgery of the hand.

He joined rotary in 1992 and is involved in 4 matching grant projects and 1 global grant project.

### Platinum

### Gold

### Silver

### Bronze

### Knowledge Partner

## TRADE PARTNERS

## Dr. Mustafa K

Organizing Chairman

45<sup>th</sup> Annual Conference of AOMSI

**Question 1:** Sir, you have organized various conferences, what was the biggest challenge you faced in this one ?

**A** The unpredictability associated with the pandemic and the implementation of the COVID19-associated protocols during the conference.

**Question 2:** What sets the 45th Annual National Conference of AOMSI, Mangalore apart from all other conferences?

**A** The response of the delegates and students, as well as members of the Orthodontic fraternity to our clarion call under the pressing circumstances.

**Question 3:** What was the most memorable aspect of organizing this conference/ an anecdote you'd like to share ?

**A** Each day was memorable as the mammoth task of organizing the conference (that usually takes months) was condensed to a short span of just 6 weeks for Mangalore.

One anecdote stands out in my memory:

One of the students had called me up seeking clarification (that too very adamantly!) about the conference, assuming I'm an event manager. He had no clue that I, being the Conference Organizing Chairman am a Max-Fac Surgeon. For the sake of amusement, I let the conversation go on under the pretense of his assumption. I must admit, I quite enjoyed this interaction.

**Question 4:** What is your message to the organizing committee of Indore ?

**A** Collective leadership and team work is imperative for any organization to succeed , to make their stated goals into a visible reality.

Mangalore 2020

## Dr. Manjunath Rai

Organising Secretary

45<sup>th</sup> Annual Conference of AOMSI

**Question 1:** Sir, you have organized various conferences, what was the biggest challenge you faced in this one ?

**A** Covid-19 was one of the biggest challenges , before and during conference. Before the conference this translated in difficulty in convincing people to register for a physical conference and traders to be convinced that substantial crowd will come . During the conference the challenges from health authorities and convincing them about following protocols and ensuring safety were needed to be carefully handled by ensuring strict following of all protocols.

**Question 2:** What sets the 45th Annual National Conference of AOMSI, Mangalore apart from all other conferences?

**A** Overwhelming response of almost 300 registrations in Bangalore conference in golden jubilee offer made this conference a record & trendsetters in terms of starting early registrations. Another special feature was the interdisciplinary approach with AOMSI and IOS officially collaborating and PG Papers being accommodated in National conference. The Army session was another unique feature, and was well crafted and appreciated by all.

**Question 3:** What was the most memorable aspect of organizing this conference/ an anecdote you'd like to share ?

**A** The most memorable moment for me personally was taking over as president in front of my home crowd and my family. It was a dream come true moment, and the dream materializing in Mangalore was something I had only wished for.

**Question 4:** What is your message to the organizing committee of Indore ?

**A** Team Mangalore was like a family, and everyone put their heart & soul, which is what translated into a seamless experience at the conference for our delegates. To team Indore I would say - Build a team, bond like a family, and outcome will definitely be fruitful, because Team work makes Dream work. Best of Luck!

Mangalore 2020

## Dr. Abhay Kamath

Chairman, Scientific Committee  
45<sup>th</sup> Annual Conference of AOMSI

**Question 1:** Sir, you have organized various conferences, what was the biggest challenge you faced in this one ?

**A** Biggest challenge faced, was the uncertainty we were dealing with , regards to the pandemic and not being sure if the speakers could travel , cancellation of lectures and we the team had limited time on our hands to pull of the conference and for any conference to be successful the Scientific Programme is the final nail in the coffin.

**Question 2:** What sets the 45th Annual National Conference of AOMSI, Mangalore apart from all other conferences?

**A** On a personal note , what sets the 45<sup>th</sup> AOMSI apart from other conferences is the collaboration with the Indian Orthodontic society , which will go a long way with the final beneficiary being the patient with the dentofacial deformity.

Conduct of / hosting 267 Guest lectures over a period of 3 days , covering core areas of Maxillofacial Surgery and the second day being dedicated to Cleft and Craniofacial surgery.

The other point which stands out is the participation of both students and delegates in huge numbers in terms of paper and poster presentations.

**Question 3:** What was the most memorable aspect of organizing this conference/ an anecdote you'd like to share ?

**A** Every moment from the scientific perspective was amazing " Cherry on the cake was when all the Gurus of TMJ Surgery came under one roof to deliver ( on – line lectures).

**Question 4:** What is your message to the organizing committee of Indore ?

**A** "Team work" Together Everyone Achieves More.

Mangalore 2020

## Dr. Padmaraj Hegde

Treasurer

45<sup>th</sup> Annual Conference of AOMSI

**Question 1:** Sir, you have organized various conferences, what was the biggest challenge you faced in this one ?

**A** Understanding what your delegates want. The delegates are the most important element of any conference, because they decide if it's a success or failure.

**Question 2:** What sets the 45<sup>th</sup> Annual National Conference of AOMSI, Mangalore apart from all other conferences?

**A** The feedback what we have received from the delegates I think we have fairly delivered what we have promised be it the scientific programme, the logistics, or the hospitality.

**Question 3:** What was the most memorable aspect of organizing this conference/ an anecdote you'd like to share ?

**A** From the time we won the bid to organise the 45<sup>th</sup> AOMSI Conference, there was a lot of uncertainty. We came across so many situations wherein it was tough to convince people that we can pull this off. Having said this, I personally feel we left no stone unturned to make this event a great gala affair.

**Question 4:** What is your message to the organizing committee of Indore ?

**A** Having known the organizers of the Indore conference I am pretty sure they will conduct much more grand style. Wishing them all the very Best!

# AOMSI Social Security Scheme

"By The Members, For The Members, To The Members."

- **AOMSI - Social Security Scheme** is a noble initiative of the AOMSI incepted to provide financial assistance to the bereaved family of our fellow member of the association who voluntarily became a member of the scheme.
- This scheme looks forward to enrolling as many members to the scheme as possible to provide maximum benefit to the family of the deceased members.

Life Members can join the scheme with the below membership criteria

Age	Eligibility	Membership Amount
Up to 30 years	All AOMSI members	Rs. 10,000/-
30-45 years	3 years of AOMSI membership	Rs. 12,500/-
45-60 years	5 years of AOMSI membership	Rs. 15,000/-
60-65 years	10 years of AOMSI membership	Rs. 17,500/-

Fraternity / Member contribution per death

INR 2,500

## Policy Scheme

- Member's family gets 2,500 X Total number of members enrolled.

For example: If the total number of members enrolled in the AOMSI Social Security Scheme is 500 → Benefit to the family will be calculated as - 500 ( Total number of members ) X 2500 ( Member contribution per death ) = INR 12,50,000

## Enrolment Process

Submission of the online application form along with the required documents and payment for the scheme.

The processing of the form shall be completed within 1-month following which a confirmation will be sent to the member.

## FAQs

1

**Who can be a member of the scheme ?**

Only members of AOMSI can be enrolled into this scheme.

2

**Is this a one-time payment scheme?**

No. In order to continue your membership, with every casualty and disbursement of INR 2500 from a members account, the member has to top up the said amount (INR 2500) within the stipulated time.

3

**Where can I watch the detailed lecture and panel discussion recording for understanding SSS?**

4

**Is there a webpage explaining the enrolment structure and details of SSS?**

[CLICK HERE](#)

### Advantage of AOMSI SSS

Premium is very minimal compared to any insurance scheme

Mental satisfaction of helping one of our deceased members' families

No medical certificate is needed for joining the scheme.

Easy settlement of death claim with minimum formalities.

Hoping to provide relief of Rs.50,00,000/- if the members join up to 2000 members.
