Celebrating the Grand Success of **45th Annual Conference of AOMSI**

Feb 13th, International Maxfac Day has gained a lot of prominence and significance in the recent past. The fraternity all over the world looks forward to this event with much gusto and enthusiasm. On expected lines, this year the event was celebrated with much participation and fanfare. However, the Maxillofacial Surgeons of Mangalore decided to wait and celebrate the event on the 20th of February 2022, so that it could be combined with celebrating the success of the "45th Annual Conference of the AOMSI".

The entire Organizing Team of the conference participated, including the volunteers, post-graduates, teaching faculty and those from outside the fraternity who contributed in organizing the Conference under pressing circumstances. The event marked felicitating all those who put their heart and soul in conducting the Conference and the cake-cutting ceremony to commemorate the International Max-Fac Day. Music, singing, dancing, gala dinner added to the festive mode. In a nutshell, the entire event was indeed a double-engine celebration.
