## Association of Oral and Maxillofacial Surgeons of India

FELLOWSHIP PROGRAMME 2023-2024

Theory Exam Result & Selected for Interview

Dear Candidates

As we eagerly await the results, we want to remind you that regardless of the outcome, let it serve as a stepping stone towards greater achievements in your journey. Your pursuit of excellence in this field is what truly matters.

We also want to take this opportunity to address a matter regarding the Foundation Maxfac Course. We received numerous enquiries from students who were unaware of its significance. In light of this, it has been decided that this year, one mark will not be included in the evaluation.

It is imperative to emphasise the importance of mastering the fundamentals, as they form the bedrock of our profession. For those preparing for future exams, please ensure you give due attention to these essentials.

Once again, congratulations to all of you. May you continue to excel and make valuable contributions to Oral and Maxillofacial Surgery.
